Klondike Gold Appoints Dr. M. Stephen Enders to Advisory Board

Vancouver, British Columbia, Canada – Klondike Gold Corp. (TSX.V: KG; FRA: LBDP; OTCQB: KDKGF) (“Klondike Gold” or the “Company”) is pleased to announce the appointment of Dr. M. Stephen Enders to its Advisory Board.

Dr. Enders brings over 45 years of experience in the mining industry, with a distinguished career in mineral exploration and development. He has held senior leadership positions with several major mining companies, including serving as Senior Vice President of Exploration for Newmont Mining Corporation. Mr. Enders is recognized for his expertise in geology, resource assessment, and project management, having been instrumental in the discovery and advancement of significant mineral deposits globally.

Peter Tallman, Klondike Gold’s President & CEO states; “We welcome Steve to our Advisory Board. His extensive experience, proven track record, and economic perspectives in mineral exploration will be invaluable as we advance our project in the Klondike District. His field review last summer over drill core in Dawson was extremely enlightening and I appreciate and look forward to his further input.”

Over the span of his career, Dr. Enders served as President of Phelps Dodge Exploration Corp, Senior Vice President Exploration for Newmont, Executive Chairman & COO of EMX Royalty Corp, and co-founder of Cupric Canyon Capital LLC. Most recently he was Department Head for Geology and Geological Engineering and for Mining Engineering at the Colorado School of Mines. He retired from the Colorado School of Mines in Dec 2023 but continues to teach in their Professional Masters in Mineral Exploration program. He is currently the Executive Chairman of Brooks & Nelson LLC - a recruiting company in the mining industry and serves on several other boards. Dr. Enders was awarded the Distinguished Achievement Medal from the Colorado School of Mines in 2009, the Ben F. Dickerson Award from the Society for Mining, Metallurgy & Exploration in 2014, and the Ralph W. Marsden Award from the Society of Economic Geologists in 2016. Dr. Enders holds a BSc degree in geological engineering from the Colorado School of Mines and MSc and PhD degrees from the University of Arizona.

ABOUT KLONDIKE GOLD CORP.

Klondike Gold is a Vancouver based gold exploration company advancing its 100%-owned Klondike District Gold Project located at Dawson City, Yukon, one of the top mining jurisdictions in the world. The Klondike District Gold Project targets gold associated with district scale orogenic faults along the 55-kilometer length of the famous Klondike Goldfields placer district. Multi-kilometer gold mineralization has been identified at both the Lone Star Zone and Stander Zone, among other targets. The Company has identified a pit constrained Mineral Resource Estimate of 469,000 Indicated and 112,000 Inferred gold ounces¹, a milestone first for the Klondike District. The Company is focused on exploration and development of its 727 square kilometer property accessible by scheduled airline and government-maintained roads located on the outskirts of Dawson City, Yukon, within the Tr'ondëk Hwëch'in First Nation traditional territory.

obligation to revise or update any forward-looking statements as a result of new information, future events or otherwise after the date hereof, except as required by securities laws.

Forward-looking statements involve numerous risks and uncertainties and actual results might differ materially from results suggested in any forward-looking statements. These risks and uncertainties include, among other things, market volatility; the state of the financial markets for the Company's securities; fluctuations in commodity prices and changes in the Company's business plans. In making the forward looking statements in this news release, the Company has applied several material assumptions that the Company believes are reasonable, including without limitation, that the Company will continue with its stated business objectives and its ability to raise additional capital to proceed. Although management of the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements and forward-looking information. Readers are cautioned that reliance on such information may not be appropriate for other purposes. The Company does not undertake to update any forward-looking statement, forward-looking information or financial out-look that are incorporated by reference herein, except in accordance with applicable securities laws. The Company seeks safe harbor.
